

MOSTURFLOT SHIPS

CORONAVIRUS (COVID-19) UPDATE

Updated on May 14, 2020

Mosturflot company makes every effort to make your cruise not only fascinating and interesting, but also as safe as possible. The safety and well-being of our guests and employees is of our highest concern during this time of uncertainty, and we are continuously monitoring the evolving COVID-19 situation. In accordance with the order of the Government of the Russian Federation of April 29, 2020, the temporarily restriction of the entry of foreign citizens to the Russian Federation has been extended for indefinite period. All the entertainment facilities, museums, beauty salons, fitness centers, cafes and restaurants are closed till May 31. All the international flights are suspended except the returning flights for Russian citizens. All people returning from abroad must spend 2 weeks in quarantine.

But we would like to reassure you that, being an owner of all of our ships, and one of the largest cruise operators in the country, we can respond quickly and flexibly adapt to all changing circumstances. We are ready to begin navigation as soon as the sanitary-epidemiological situation in the country allows and the current travel restrictions are removed.

We really thank you for understanding, support and cooperation!

We will keep you updated, to obtain the latest information we kindly ask you to be in contact with your manager.
